

How to Assemble?

Dual-Side Desk 30 × 48 in

Allen key included · no other tools

- ① Side (left) × 1
- ② Center piece × 1
- ③ Side (right) × 1
- ④ Top surface × 1
- ⑤ Metal strip × 2
- ⑥ Allen button-head screw × 4
- 4 mm Allen key × 1

Assembled size:

W 47 × D 30 × H 28.9 in

(1194 × 762 × 734 mm)

Usable from both sides. Two people make it easier.

⑤ Metal strip × 2

⑥ Allen screw × 4

4 mm Allen key × 1

- 1** Stand side **1** on the floor (a helper can hold it). With the right end of center piece **2** slightly raised, lower its left end onto **1** so both hooks drop into the slots.

- 2** Stand side **3** on the floor under the raised end, leaning in at about 74° . Lower **2** until its hooks drop fully into **3**. Both sides now lean at about 74° .

- 3** Turn top surface **4** upside down so the groove faces the floor. Place it with the groove along the middle, so the tab of center piece **2** fits into the groove. Press down.

- ✓ Check the desk is level. Every hook should sit fully in its slot (see detail).

Detail: the hook of **2** drops all the way into the slot of each side.

- 4** Under the top, at the 2 small slots of center piece **2**: a slide a metal strip **5** through the small slot in **2** so it lies flat against the top. b Fit 2 screws **6** through the strip into the golden threaded inserts in the top and tighten them with the 4 mm Allen key.

Views from below. Repeat at the other end: 2 strips, 4 screws in total.

Section: strip 5 passes through 2 just under the top; screws 6 go up into the golden threaded inserts.

Safety Precautions!

- Apply cleaning liquid on the cloth, then gently clean the surface.
- Keep away from humid areas for a longer life of the product.
- Always place the product on a dry surface and avoid direct contact with water.
- Do not stand or sit on the desk.
- Place on a flat floor. Check all hooks are fully seated and all 4 screws are tight before use.

Moving or taking it apart

- Remove the 4 screws ⑥ and both strips ⑤.
- Lift off top surface ④.
- Lift center piece ② straight up off the sides.
- Store the parts flat.
