- 1** Stand side panel **1** up. Push the 2 tabs at one end of bed piece **2** into the slots of **1**. A helper holds the other end of **2**.

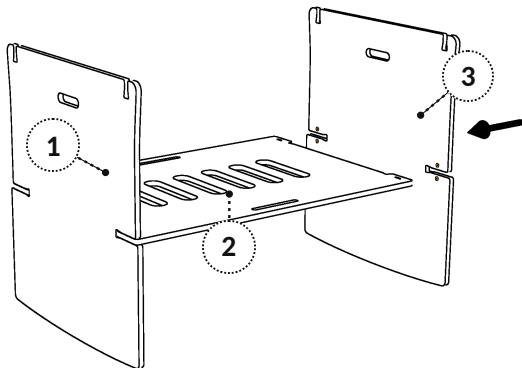

- 2** Right away, at each corner: a slide a strip **5** down through the small slot of **2**, flat against **1**. b Fix 2 screws **6** into the golden inserts and tighten.

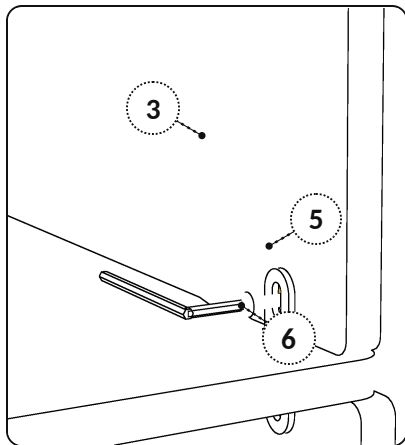

One screw goes above **2** and one below it. Do both corners: 2 strips, 4 screws.

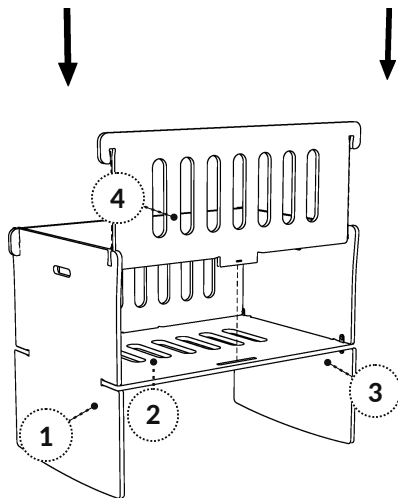

- 3** Push side panel **3** onto the other end of **2** so its 2 tabs go into the slots of **3**. The logo faces out.

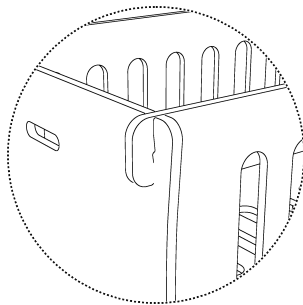

- 4** Fix 2 strips **5** and 4 screws **6** at side panel **3**, the same way as step 2.

- 5** Lower each side grill **4** from above: its hooks drop over the top slots of **1** and **3**, and its bottom tab goes into the long slot of **2**.

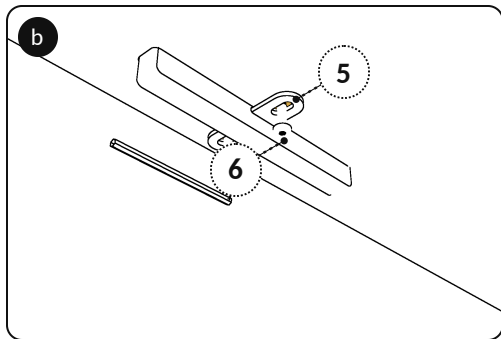

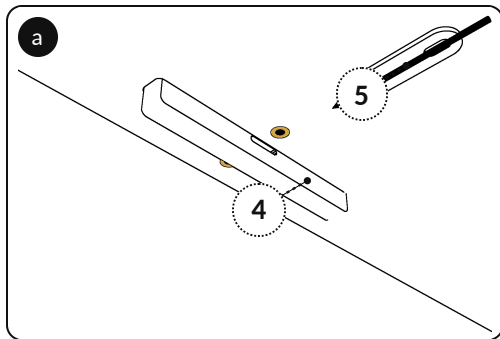

- ✓ Check every hook sits fully down over the side panels.

Detail: hook of grill **4** over side panel **1**.

- 6** Under bed piece **2**, at the tab of each grill **4**: a slide a strip **5** through the small slot in the tab, flat under **2**. b Fix 2 screws **6** up into the golden inserts and tighten with the Allen key.

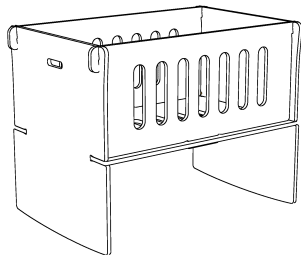

Views from below. Repeat at the other grill: 2 strips, 4 screws. All 6 strips and 12 screws are now fitted. Check every screw is tight.

Safety Precautions!

- Adult assembly only. Keep screws, strips and the Allen key away from children.
- Check all 12 screws are tight and all hooks are fully seated before every use. Re-check them regularly.
- Use a mattress that fits the bed piece without gaps.
- Do not use the crib if any part is loose, cracked or missing.
- Keep away from heaters, damp areas and direct water. Clean with a damp cloth.

Taking it apart

- Remove the screws and strips under ❷, then lift both grills ❹ up.
- Remove the strips at ❸, pull ❸ off, then do the same at ❶.
