

How to Assemble?

Harmony Desk 24 × 48 in

Allen key included · no other tools

- ① Side (left) × 1
- ② Center piece × 1
- ③ Side (right) × 1
- ④ Top surface × 1
- ⑤ Metal strip × 2
- ⑥ Allen button-head screw × 4
- 4 mm Allen key × 1

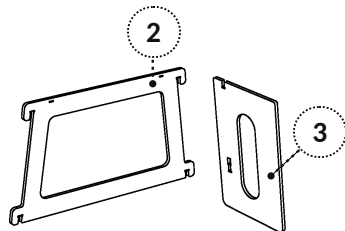

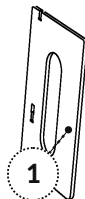

Assembled size:

W 47.5 × D 24 × H 28.8 in

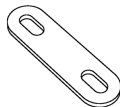

(1206 × 610 × 732 mm)

Assemble in the numbered order.

Two people make it easier.

⑤ Metal strip × 2

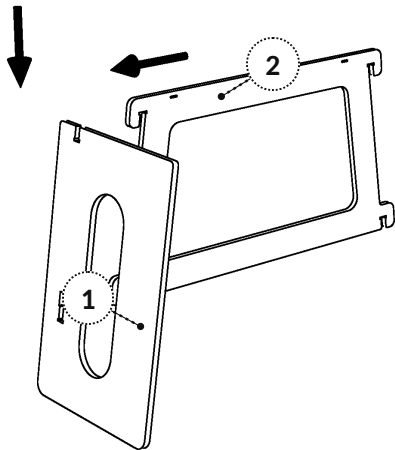

⑥ Allen screw × 4

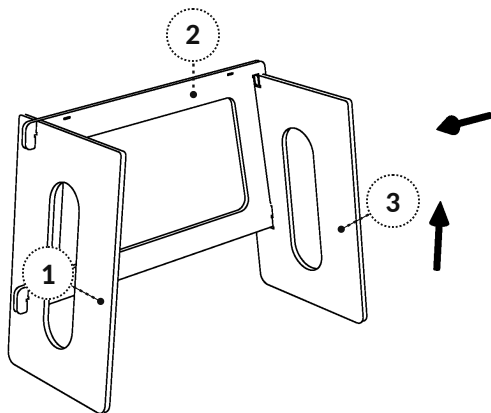

4 mm Allen key × 1

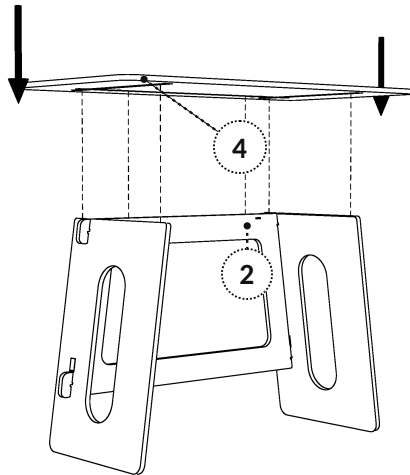

- 1** Stand side **1** up (a helper can hold it). Hold center piece **2** slightly raised and slide its 2 left hooks through the slots of **1**. Then let **2** drop down so both hooks lock.

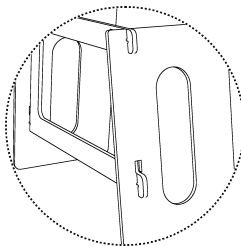

- 2** Raise the right end of **2** a little. Insert its hooks into the cuts of side **3**, then slide **3** up until the hooks lock. Set the desk down. The sides splay out slightly at the bottom; this is normal.

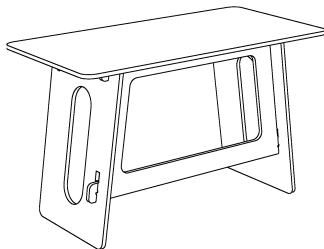

- 3** Turn top surface **4** so its grooves face down. Lower it so the top edges of **1**, **2** and **3** fit into the grooves (**2** at the back). Press down.

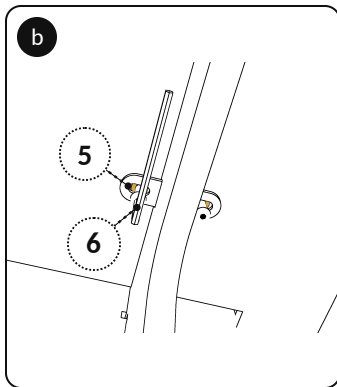

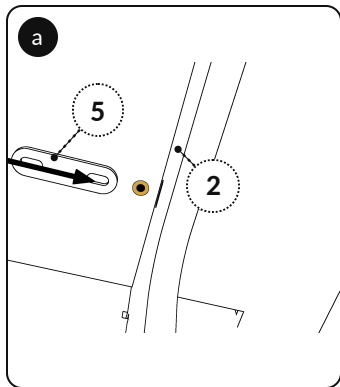

- ✓ Before step 3, check that all 4 hooks of **2** sit fully down in the sides (see detail).

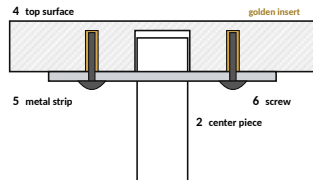

Detail: top and bottom hooks of **2** locked in side **1**.

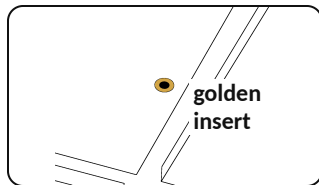

- 4** Under the top, at the 2 small slots of center piece **2**: a slide a metal strip **5** through the small slot in **2** so it lies flat against the top. b Fit 2 screws **6** through the strip into the golden threaded inserts in the top and tighten them with the 4 mm Allen key.

Views from below. Repeat at the other slot: 2 strips, 4 screws in total. One screw on each side of **2**.

Section: strip 5 passes through 2 just under the top; screws 6 go up into the golden threaded inserts.

Safety Precautions!

- Apply cleaning liquid on the cloth, then gently clean the surface.
- Keep away from humid areas for a longer life of the product.
- Always place the product on a dry surface and avoid direct contact with water.
- Do not stand or sit on the desk.
- Place on a flat floor. Check all hooks are fully seated and all 4 screws are tight before use.

Moving or taking it apart

- Remove the 4 screws ❹ and the 2 strips ❺.
- Lift off top surface ❸.
- Slide side ❸ down and off the hooks of ❷, then lift ❷ and slide it out of ❶.
- Store the parts flat.
